

Holly Merson pass PE Exam!

Holly has met the requirements to become a Professional Engineer in Wisconsin. She has 14 years of civil engineering and construction management experience and serves and manages our project in Jefferson, Racine and Dodge County.

"CTH VV (Silver Spring Drive)" Waukesha County, WI

Construction is in full swing on the two lane to four lane arterial expansion project designed by One Source Consulting in conjunction with Waukesha County. Our design efforts included environmental documentation, wetland and endangered resource permitting, storm sewer and median bio-retention design, 3D corridor modeling, cross sections and paving details.
